

WTF VT ?!

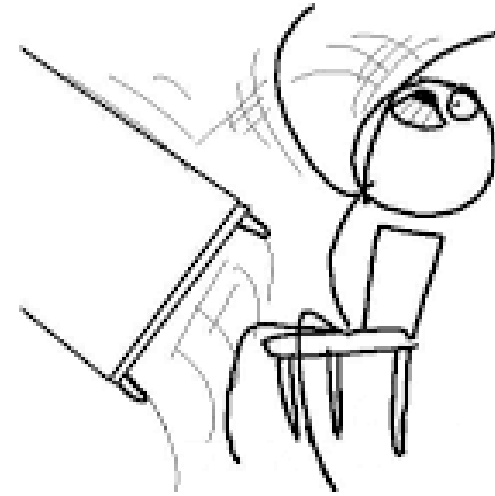

Standard App

Behind the scene

Then Why ?!

Unauthenticated :
Unlimited Searches (Limited display)

Authenticated Premium (API):

Access level	✔ Premium Upgrade limits
Request rate	1000 lookups / min shared with your entire group
Daily quota	5 K lookups / day shared with your entire group
Monthly quota	155 K lookups / month shared with your entire group

Authenticated Premium (Web-GUI):

Consumption Current Month
Searches 48 / 100

Git clone or Dev ?

No official repo for vt-web-gui,
didn't find any non-official repo neither...

VT « took the point » several months ago,
but no news.

Am I alone ?

Am I mad ?

Meet Me // @twp_zero
